

Appln. No. 10/625,471
Amd. dated June 26, 2006
Reply to Office Action of June 2, 2006

REMARKS

The examiner considers the claims to be drawn to seven separate inventions or groups of inventions and requires restriction to one of Groups I-VII.

Applicants elect Group V, drawn to polynucleotides that encode a human Rgr polypeptide and comprising claims 16-26, 34 and 35 without traverse. However, it is understood that when an elected product claim is subsequently found allowable, process claims that depend from or otherwise includes all the limitations of the allowable product claim will be rejoined in accordance with the provisions of MPEP 821.04.

Favorable consideration and allowance are respectfully solicited.

Respectfully submitted,
